## OPERA HOUSE HORROR

Dome of the Building Falls In on the Audience.

### THREE PERSONS KILLED OUTRIGHT

Five Fatally Wounded and Twenty-Six Others Seriously Injured—A Realization of "The Dangers of a Great City," the Play That Was So Suddenly Terminated by the Disaster.

CINCINNATI, Oct. 16.—"The Dangers of a Great City," on the stage of Robinson's Opera House last night was cut short in its performance by a tragic realization of the actual dangers of a great city.

The house was well filled, not crowded. A little before 8:30 a lady in the audience says she heard a creeping noise which continued for five minutes before the catastrophe. She gave it little attention thinking it was a part of the performance. Presently the plastering began to fall in small particles at first, but enough to alarm some of the timid or cautious, who retired. A little later the plastering began to shower down in chunks. It came from the ceiling above which supported the dome. There was a rush from the gallery which was not very well filled. The balcony was soon emptied. Those in the dress circle retired as promptly as possible, and strange to say without an apparent panic. The crowding of these to the door obstructed the passage of people from the parquette, which accounts in a measure for the number of casualties.

Nobody expected at that moment any other danger than from the falling plastering. Suddenly and with a great crash the great central truss of the ceiling, 60 feet long and 30 feet wide, came plunging down. The ends of it struck on the two gallery wings and doubled it up in the center, sending it down into the parquette with a great scattering of joists and timbers. Nothing on the stage was harmed.

The news spread rapidly. There was a rush of patrol wagons and of firemen to the scene. The salvage corps with its wagon was first on the ground, and it was followed by all the police patrol wagons, carrying the injured to the Cincinnati hospital.

The list at the hospital showed three dead, five dangerously, if not fatally, wounded and 26 more or less seriously injured, as follows:

#### THE DEAD.

An unknown man.  
Miss Lucy Cohen.  
Mrs. George Kleeman.

#### FATALLY INJURED.

Mr. Goldman.  
Mrs. Studder.  
Mary Studder.  
Mary Haas.

#### SEVERELY INJURED.

Pearl Hall.  
Grace Conner.  
C. J. Weiss.  
Jacob Weylo.  
Mary Hess.  
John White.  
Amelia Weylo.  
Mary Howe.  
Ella Moerman.  
Della Alger and her three children, Stanley, Joseph and John.  
Daisy Fairhead.  
S. E. Long.  
S. J. Fairland.  
T. E. Wiley.  
Fred Jenks.  
William Moten.  
W. J. McCabe.  
Clint Deal.  
Kate White.  
Maggie Studder.  
Amelia Well.  
Samuel Rosenbaum.  
Clint Steele.

In addition to these a large number, probably 25 or 30 were so slightly injured as to be able to walk home. Of the dangerously injured at the hospital several will require amputation, yet every one refusing to submit to the operation. A score of surgeons volunteered their assistance to the hospital corps. A sufficient number was accepted.

The scene in front of the hospital door was a sad one. Hundreds of people gathered there clamoring for the names of the injured. An attendant stood at the door with a list of those brought to the hospital and answered these anxious inquiries. Many names were inquired for that were not in the hospital list.

At the opera house ropes were stretched across all approaching streets, and the police had all they could do to keep the crowd of 7,000 or 8,000 people from crushing through. All sorts of wild rumors were afloat and public curiosity was on tiptoe all the more ardent because of these rumors. There was a story afloat that one man was missing. It was a wild story, for he couldn't be in the opera house where the debris was so scattered that it did not form a piled up mass anywhere. Any one standing at the door of the hospital in front of that pitiful, sorrowful, anxiously inquisitive crowd could understand how not one man, but that many men, women and children were missing by friends at home.

The damage to the structure was nothing at all to the stage, comparatively little to the gallery, which suffered most almost nothing to the dress circle, and much less than one would think from the debris scattered around through the parquette where the main

truss landed. The truss rested in the parquette very much in the shape of a capital letter V. The wonder is that so few were hurt, and of the few hurt, so many escaped with slight injuries.

The cause of the accident seems to be easily discovered. Among the first who entered the building after the dome had fallen was President George W. Rapp of the Cincinnati Chapter American Institute of Architects.

"It was not that dome," said he, pointing to the huge heap in the center of the floor, "that caused the trouble. The fault lies with the roof trusses. The house has been built more than 25 years, and the wood has shrunk until the bolts and nails afforded the smallest possible security. One of these trusses had rotted away from its fastenings; it has parted and thrown the two sections down, and they, in their descent, pulled the dome with them. These wood trusses are of pine and they shrink very perceptibly in the course of years. They should be examined every five or six years. Modern structures are put up with steel trusses. The roof of this theater is liable to come down at any minute."

Building Inspector Tooker also made an examination of the trusses. He coincided with Mr. Rapp that the fault was with them. Said he: "You see that the wood has shrunk and just let loose in the center and pulled the dome with it. The comparatively slow descent, caused by a slow breaking away from its fastenings, accounts for the few immediate deaths. It gave those beneath a chance to get out."

Inspector Tooker said that the broken trusses would be removed at once and the roof would be made secure. As it is now there is danger at any time.

A singular coincidence is that the play announced for next week was entitled "Under the Dome."

Last night's disaster recalls forcibly a more fearful one which took place in the same building in February, 1876. Last night there was a real cause for the panic and loss of life; then there was no cause whatever except the wickedly foolish cry of fire started when a little sputtering hiss came from the calcium light in the upper gallery. The house was packed mostly with women and children to witness an allegory of "America" given by hundreds of school children. With the single cry of fire in such an assembly the mischief was done.

Plunging into the aisles and rushing down the stairways and toward the side doorway leading to the street, the inevitable blockade of fallen human bodies occurred and the wild and savage struggle for escape by those behind completed the dreadful mischief. Only when all outward progress was absolutely blocked and time was given to the living to use their senses to discover that there was no fire, and no cause for alarm, did the insane panic cease. Then followed the sickening rescue of the score or more of the dead and the many others who were injured. Last night's catastrophe, however, had a real cause for panic and if the conditions had been the same as those of the 1876 horror, the result would have been fearful beyond calculation.

### NOT UNTIL NEXT WEEK.

Arguments in the Luetgert Trial Delay the Case Going to the Jury.

CHICAGO, Oct. 16.—The intensely hot weather of yesterday had but little effect upon the attendance at the Luetgert trial. The courtroom was packed and hundreds of persons were unable to gain admittance. Attorney Vincent, chief counsel for the defense, continued his address to the jury. His arguments were principally directed toward the "reasonable doubt" as to the death of Mrs. Luetgert. He vigorously attacked the police officials for their alleged browbeating of witnesses, particularly in the case of Mary Stiemmering, whom he declared the defendant had treated more like a daughter than an employee.

The witnesses for the prosecution were held up to scorn and Judge Vincent declared that the prosecution had done nothing but throw mud at his client, while the defense had been engaged in scraping it off.

Mr. Vincent will probably conclude his address at today's session. On Monday, State's Attorney Deenen will make a five-hours' speech, and the case will doubtless be given to the jury late Tuesday.

### RAILROAD WRECK IN ALABAMA.

Engineer and Fireman Killed and Two Other Men Badly Injured.

SELMA, Ala., Oct. 16.—An accident occurred on the Mobile and Birmingham railroad, near Millhouse station, 26 miles south of this city, at 2:30 yesterday afternoon, in which Engineer Ollio Munn and Fireman Jerry Godfrey were killed and J. E. Broadstreet, conductor, and Quarantine Officer Newnan were badly injured.

While approaching Millhouse the train was running 20 miles an hour on a straight track. Without a moment's warning and by some unexplainable cause the trucks of the tender jumped the track, causing the whole train to go down a 12-foot embankment. The engineer lived until evening, dying in terrible agony as he had been cooked by scalding water. His family is in the quarantine camp at Creola, and will not be permitted to attend his funeral.

WASHINGTON, Oct. 16.—Maud G. Badgley, a clerk in the general land office, committed suicide yesterday by jumping from Cabin John's bridge, about six miles west of this city. The drop to the ravine below the bridge is about 125 feet, and the girl was instantly killed. The motive for the suicide, her friends say, was despondency due to her physical condition. She came here with her parents about 10 years ago from Schoharie county, N. Y.

## END THE CUBAN WAR

Such Is the Wish of the President Administration.

### INSTRUCTIONS TO MR. WOODFORD.

The United States Tenders Its Best Offices to Mediate Between Spain and Cuba. Spain May Grant Cuban Independence For a Money Consideration—Other Dispatches Relating to Cuban Affairs.

NEW YORK, Oct. 16.—The Herald publishes the following, based on high authority, which it claims is substantially the instructions issued by President McKinley to Minister Woodford to the Spanish queen:

None but the most kindly relations exist between the present administration and Spain, and so far as lies in the power of the administration they will continue. The belligerency resolution which passed the senate at the last session of congress merely bore evidence of the tremendous popular feeling throughout this country in favor of Cuba.

The house, to be sure, voted down the resolution passed by the senate. But this was with a view to postponing the issue and not doing anything for the moment that could be construed as hostile to Spain. The house, like the senate, is strongly in sympathy with Cuba. This feeling of sympathy throughout the United States will undoubtedly take shape as soon as congress convenes and it will be necessary for the president to communicate to congress such recommendations as he deems best in regard to Cuban affairs.

Under these circumstances the government of the United States tenders its best offices to mediate between Spain and Cuba and it offers to mediate so as to bring war to an end on such terms as will be honorable to both parties.

This government expresses the hope that Spain will reply by the end of October, so as to give the president a chance to report to congress by the time it convenes.

Senator Sagasta has promised President McKinley an answer by Oct. 25, and the president will then frame his message to congress accordingly. It is not unlikely that the president will convey another message to Spain in the meantime, or that he will take steps recognizing the belligerency of Cuba.

The president is understood to be partial to the granting of freedom to Cuba upon the payment of an indemnity of, say, \$150,000,000 as partial recompense to Spain for the surrender of sovereignty and the millions she has lost in the rebellion. The president is of the opinion that this can be paid in Cuban bonds to be secured by customs revenues, the collections of which shall be supervised and be applied by representatives of the United States.

He is hoping that the initiative will come from Spain, who, when she sees that she can not burden herself with any more bond issues for carrying on the war in Cuba may invite the United States to participate in a settlement.

The Herald says it has come into possession of important facts which tend to show that Spain will eventually grant independence to Cuba on the payment of an indemnity of \$150,000,000.

The information comes from banking and diplomatic circles. Spain would gladly hold on to Cuba if she could, but her desperate financial condition has led her to see the inevitable, and after a certain season of delay in deference to public opinion, will yield to Cuba all that she asks.

Public sentiment in the United States has much to do with this decision, it is stated.

### Spain Examining the Competitor Case.

MADRID, Oct. 16.—The Spanish cabinet yesterday discussed the case of the American schooner Competitor which was captured in Cuban waters on April 25, 1896, consideration of which, owing to the fear which Premier Canovas del Castillo had of stirring up action upon the part of the congress of the United States, was postponed by the late government. The cabinet ordered the ministers of foreign affairs, the navy and the colonies to examine the documents in the case, with the view of its eventual settlement by the courts.

### Miss Cisneros to Become a Citizen.

NEW YORK, Oct. 16.—Evangeline Cosio y Cisneros has adopted this country as her home. She signed her declaration of intention to become a citizen of the United States yesterday afternoon. Under the terms of her oath she has renounced all allegiance to Spain.

### Two More Women Locked Up.

HAVANA, Oct. 16.—The police of Guinera, this province, have arrested and imprisoned Senorita Blanca Ortega, a young woman of distinguished family, and Senorita Virginia Castellanos. They are both charged with conspiring against the government.

### His Pride Humiliated.

MARIETTA, O., Oct. 16.—Henry Savage, United States lock tender, has pleaded guilty to assaulting W. E. Mason, deputy game warden, at whose instance he was arrested, charged with spearing a fish which he had caught on a line, and which was about to escape. Mason has filed his petition for \$2,000 damages against Savage, alleging humiliation of his pride, etc.

### Crushed by Falling Slate.

WELLSTON, O., Oct. 16.—Mr. Farmer, a prominent miner living at the Tom Corwin mine, was caught by falling slate yesterday and severely crushed. Both legs were broken near the hips.

### CONDITION OF BUSINESS.

R. G. Dun & Company's Weekly Trade Report.

NEW YORK, Oct. 16.—R. G. Dun & Company's weekly review of trade says: Foreign trade in September, the heavy increase in iron production and consumption and the largest payments through clearings ever known in October, are indications which outweigh hesitation in some markets. The increase in employment of labor has continued with further accounts daily of works opening, increasing force of hands, or raising of wages, and at every point where actual production can be tested it appears greater than ever before.

Efforts by the Bank of England have delayed further gold exports, but with a cotton movement rising, large shipments to this side are deemed certain and not distant. More gold, however, means less just now than more iron.

The output of pig iron from Oct. 1 was 200,128 tons weekly, against 112,782 a year ago, the increase since July 1 having been 22 per cent. Unsold stocks have been reduced at the rate of 40,271 tons weekly in September, indicating a consumption exceeding 232,000 tons weekly, which is about 20,000 greater than ever before and 40 per cent greater than three months ago. Prices of pig hold steady, though the production has been further increased since Oct. 1, and prices of finished products gradually rise with especially heavy demand for plates, rods, bars, while another contract has been taken by the Illinois Steel company to deliver 30,000 tons steel rails for Japan and the Pennsylvania company has bought 35,000 tons.

One shipment on the lakes surpasses all records, and the Rockefeller company has contracted for another steamer with two consorts to carry 20,000 tons, the largest ever built for the lakes. Makers of black sheets have raised the price for No. 28 to \$2.10, and wire nails are 5 cents higher, the average of iron and steel products rising 6 per cent for the week to the highest point since April 8. Tinplates are cheaper at \$3.10, with enormous production, and copper at 11.12 cents for lake, with lead at 4.10, but tin is fairly strong.

The cotton mills are producing as largely as cheap cotton invites, and with moderate demand print cloths are low at 2.44 cents, and some grades of other goods are slightly reduced.

Sales of wool for speculation have greatly decreased, but manufacturers do not find that current prices are warranted by their market for goods, though it is strong and advancing.

Sales of wool for two weeks have been 24,331,600 pound, at the three chief markets, of which 15,397,390 were domestic and while quotations are maintained, large lots previously withdrawn by consigners are now offered.

The demand for spring goods is limited. But the prices of some qualities have advanced a shade further. There is also some quiet contracting already for heavyweights.

Wheat has been fairly steady but moving more largely than last year from the farms and from the country. Western receipts were 15,167,054 bushels in two weeks of October, against 14,235,016 last year, and Atlantic exports 6,463,401 bushels, flour included, against 4,747,845 last year, while corn exports were 3,262,387, against 3,509,925 last year.

September exports of wheat surpass all records, amounting to 25,888,833 bushels, against 17,046,815 last year, owing to high prices the value being over 100 per cent larger for all breadstuffs. The price of wheat has declined three-fourths of a cent, and corn 1 per cent, with the government report of a yield exceeding 1,800,000,000 bushels.

Cotton has declined three-sixteenths to 6.31 cents for spot, some authorities of repute having published estimates that the yield will be 9,500,000 bales, but the movement is yet retarded by the fever.

### GOLD WHERE ITS NOT SO COLD.

The Yellow Metal Found in Paying Quantities in Washington.

SAN FRANCISCO, Oct. 16.—There are 1,500 prospectors in the new Ruth creek mining district in the northern part of the state of Washington, a few miles from the foot of Mount Baker.

H. B. Cornwall of this city is in receipt of letters to bear out this statement and also of samples of ore which tend to show that the labors of all the prospectors will not be in vain.

### Also in Wisconsin.

JANESVILLE, Wis., Oct. 16.—Gold has been found in Rock county, within eight miles of Janesville. Two farmers were in the city today with samples of gravel taken from the farm which showed gold in fair quantities.

### DEMAND FOR QUICK JUSTICE.

Special Grand Jury Called to Investigate a Brutal Unprovoked Murder.

PORTSMOUTH, O., Oct. 16.—A special grand jury has been selected to take up the case against Walter Helt, charged with the killing of Henry Austin, a well known colored man.

It is alleged that Austin went into a saloon where Helt served as barkeeper to deliver some root beer, and that Helt, who was intoxicated, took up an empty revolver and snatched it at Austin, ordering him to dance. Austin protested, and Helt, it is charged, picked up a cartridge, shoved it in the cylinder and shot him dead.

The matter has aroused intense excitement among the large colored population here and pressing demands resulted in the above action.

## FORTY DAYS OF FEVER

Its Ravages Still Unchecked in New Orleans.

### MORE NEW CASES THAN EVER.

For the Past Twenty-Four Hours There Were Forty-Eight New Cases and Three Deaths Reported—Five New Cases at Mobile—Dying Out at Other Places and Has Disappeared in Texas.

NEW ORLEANS, Oct. 16.—Yesterday was the 40th day of yellow fever in this city and proved a record breaker so far as new cases were reported, there being 48 for the 24 hours. During the same time, however, there were only three deaths, which is a little encouraging. Total cases of yellow fever to date, 774; total deaths from yellow fever to date, 84; total cases absolutely recovered, 351; total cases under treatment, 339.

The record of deaths and new cases was as follows:

#### DEATHS.

John R. Grant.  
James Garrity.  
Maggie Noble.

#### NEW CASES.

Michael Murphy, Hayden W. Wrenn, J. S. Snyder, Raymond Carpenter, Edward Robinson, Elizabeth Rehm, J. W. Atkinson, Sr.; George Cain, P. F. McClelland, Fred Schup, Miss Annie Pole, Miss Lottie Rott, Donald Schneidman, Emma Waggaman, Emile Gogreve, Rudolph Gogreve, A. D. Refell, Louis Appel, Harry Dixey, Martin Levy, L. Stevens Burt, Adolf Claverie, Walter Claverie, Brevia Leidscher, Josephine Leidscher, Jentonia Leidscher.—Fannin, Mary Smith, Isabella Quinn, Thomas Quinn.—Montagnet, Miss Marie Brickell, Albert G. Hotard, Agnes Dupuis, Mrs. Dellahoussaye, Miss Alice Fleming, Patrick Fleming, Lionel Fleming, Charles Dominick, Louis Staudinger, J. W. Warde, T. McDonald, Louis Phelps, Mrs. Charles I. Dick, Baby Dick, Stanislaus Landry, Marcel Landry, Maggie Dancie.

Dr. Birchett reports from Edwards one white and seven colored cases; no deaths. Sick generally doing well.

The report from Clinton is that there is but one case under treatment. No report from Nitta Yuna.

#### Dying Out in Texas.

GALVESTON, Oct. 16.—The last of the yellow fever cases passed on by Dr. Gutierrez was discharged yesterday. Of the four cases reported as suspicious, two are discharged, one is convalescent and the fourth is doing well. Physicians report the dengue epidemic dying out. Nearly everybody has had it and there is little material for it to work on. Several towns near Galveston and Houston have raised their quarantine.

#### Five New Cases in Mobile.

MOBILE, Oct. 16.—Five new cases of yellow fever and no deaths were reported. The new cases are: E. F. Conrad, C. Blunder, Chris Miller, George Goubil and Mary Williams. There were eight recoveries. Total cases to date, 152; deaths, 21; recoveries, 93; remaining under treatment, 38.

#### SAFE BLOWN AND ROBBED.

Two Men Overpowered, Bound and Gagged by the Burglars.

NEW ALBANY, Ind., Oct. 16.—Five masked men at an early hour yesterday morning overpowered Engineer Jackson and George Leach at Enos & Lee's flour mill in this city, and after binding and gagging them, blew open the safe. They secured only about \$15. Jackson and Leach were left in the room by the gang when the fuse was lighted, but rolled out of a door before the explosion. A wrench and brace are the only clues left by the gang, who are thought to be professionals. It is the first case of safe-cracking in this city in over 20 years.

The safe in I. F. Forces' office was also opened by working the combination lock.

#### Shot His Sweetheart and Himself.

LOGANSPORT, Ind., Oct. 16.—Charles Ward shot Miss Laura Bopp last night and then killed himself. They had been affianced, but Ward during Laura's absence in Michigan this summer, became dissipated, and on her return she broke the engagement. He made several overtures to renew formal relationship, but she refused. Last night he called her out of her home and shot her in the stomach. She will die. He then shot himself through the head and died instantly.

#### An Afflicted Family.

KOKOMO, Ind., Oct. 16.—Mrs. Caroline Bliss of Greentown, 74 years old, fell down a cellarway, breaking four ribs and sustaining fatal internal injuries. She was carried upstairs by her son Samuel, who is himself suffering from injuries received by the explosion of a veriscope last week. Another son, Charles H. Bliss, editor of a Port Wayne labor paper, is in Florida, taking treatment for an incurable disease.

#### Miner Crushed to Death.

BELLAIRE, O., Oct. 16.—William McMahon, aged 55, was killed at the Franklin (O.) coal mines, seven miles west of here, by a fall of scapstone. He leaves a family.

#### Cyclonic Disturbance in Cuba.

HAVANA, Oct. 16.—There was a cyclonic disturbance over the southern part of Cuba yesterday. The barometer fell considerably and the wind attained great velocity.

Tennessee and Kentucky—Fair and continued warm weather Saturday; Sunday, probably showers and cooler; southerly winds.

There should be no "stay-at-home" Democrats this fall. We have a splendid ticket and the majority should be an old-timer. It will be, if Democrats will turn out and rally to the support of the nominees they have named.

TREASURY receipts Thursday were \$749,182.94; expenditures, \$1,383,000; deficit for the day, \$633,817.06; for the month, \$5,264,501.44, and for the fiscal year to date, \$34,280,456.23. Br'er Davis, why don't you stick these figures up at the head of the editorial column of your paper?

The Pythian Home just completed at Springfield, O., cost \$65,000. The Widows and Orphans Home to be erected by Kentucky Oddfellows will likely cost as much, if not more, but some of the local members of the order refused to lend their vote and influence to secure the institution for Maysville.

THAT deficit continues to grow under this Republican administration. The Treasury receipts Wednesday amounted to \$806,217.20; expenditures, \$1,615,000; deficit for the day, \$718,782.80; for the month, \$4,630,681.58; for the fiscal year to date, \$33,646,639.17. Oh, yes, Br'er Davis, you Republicans are giving us a "business administration."

BURGESS TAYLOR has braved life's battles manfully, and has won his way by indomitable pluck and energy. There is no more worthy young man and no more earnest and faithful Democrat in the county and none more deserving the confidence and enthusiastic support of his party and of the people, irrespective of party. That he is thoroughly qualified for the position of Assessor all will admit. The position is one of the most important to be filled next month, and the people will make no mistake if they elect Mr. Taylor.

THE New York Sun, a gold bug "National" Democrat organ a year ago, but now a Republican convert, says:

The so-called National Democratic party in this city appears to be going to pieces. Some of it is going to Tammany and some to Low, and all to destruction. The skeleton of an organization will be preserved, but the impotence of the concern has been exposed. All the eloquence of George Walton Green and all the tears of John DeWitt Warner cannot save it. Many political disintegrations and combinations have been and will be; but a political party consisting of leaders without followers cannot combine with anything, and is doomed to break up.

THERE is no discounting the popularity of Mason County's clever and efficient Circuit Clerk. It has been demonstrated on more than one occasion that it takes an exceptionally strong man to down Ike Woodward. His hosts of friends always rally to his support; and they are not confined to the Democratic party. Mr. Woodward has a pleasant word and a cordial greeting for all—no matter where you meet him. The duties of the office have been attended to faithfully and efficiently during his term, and now let's all go to the polls in November and give him a handsome and enthusiastic endorsement.

It is quite true that some jobs of printing are worth more than others; but the county ballots of 1893 and those of 1896 were so nearly alike in all respects that the charge of the BULLETIN of \$257.50 for the former is so out of proportion to the charge of Mr. Edmonds of the Public Ledger of \$101.20 for the latter, that no reasonable explanation can be made.—Public Ledger.

At the election in 1893, in addition to the other candidates, there were twenty candidates for Councilmen in this city, sixteen candidates for members of the Board of Education and fifteen candidates for the other city offices. In printing the ballots, the names of the candidates for Council in any ward went only on the ballot for that ward. This necessitated making six changes in the form of the ballot while printing it. In other words when the ballots for the First ward were completed, the form had to be taken out of the press, and then it had to be unlocked and taken apart as far as the names of the candidates for Council were concerned, and the names of the candidates for the Second ward substituted. When the ballots for the Second ward were completed, the form had to be removed from the press again and taken apart, and so on for each of the various wards. And all these changes had to be made in printing the sample ballots as well as the regular ballots. These many changes necessitated not only extra work, but extra care and precaution.

Last year the names of the candidates for Presidential electors and for Congress were the only ones on the ballot, with the exception that the names of three candidates for Constable were added to the ballots in the Eighth Magisterial district, and the question as to stock running at large was added to the ballot for Hilltop precinct. This necessitated but two changes in the ballot last year.

When the form was once placed on press, all the ballots for the county, except for the precincts mentioned, could have been run off. Only twice was it necessary to remove the form from the press and make a change, and these changes were small ones.

Then too, in 1893, owing to the length of the ballot, in perforating it, as the law requires, it was necessary to run it through the perforator three times. The ballot last year we learn had to be put through the perforator but twice.

In view of all this it is apparent that printing the ballots last year was an easy job compared with the work of 1893, and the cost last year was very naturally much less than in 1893.

BUT to return to the claim of the Public Ledger that County Clerk Cochran has saved the people \$10,000 during his term of office. If he has saved them that much, it stands to reason that the taxes levied to pay the general expenses of the county ought to have been decreased, to some extent, at least, by this time. Instead of having been decreased, however, the reverse is true. The ordinary expenses of the county are paid out of the general fund and the tithe tax, the rest of the taxes being levied for specific purposes. Mr. Cochran and the rest of the present Republican officials went into office in January, 1895. The net levy for general purposes, the tithe tax included, since then has been as follows, as shown by the settlement of the county levy on record in the County Clerk's office:

April, 1895.....	\$10,748 53
April, 1896.....	12,898 93
April, 1897.....	16,201 21

The settlement in 1895, as above, was for the levy made in 1894, the settlement in 1896 shows the levy in 1895 and the settlement in 1897 shows the levy in 1896. The total taxes levied this year for general purposes will not be definitely known until the settlement is made next April. The April 1895 figures given above show the last levy made under a Democratic administration of the county affairs. In two years under Republican rule the levy for general purposes has been increased over 50 per cent.

In this connection one other matter should be mentioned. October is the time for holding the fall term of the Fiscal Court. The court met on the regular day, but, without passing on any claims, adjourned that afternoon until November 8th. It is intimated the Republicans brought the adjournment about for political reasons—that there is something they do not want to face until after the election. Certain it is that a Repub-

Royal makes the food pure, wholesome and delicious.

MISS HARRIETT WELLINGTON GLASCOCK will give a Grecian entertainment at the Owenton court house Monday night.

THE friends of Miss Agnes Dodson will regret to learn she is ill with fever at Wrightsville, Ga., where she has charge of the music department of the college.

MISS EDNA COGAR, daughter of Mr. G. L. Cogar, of Midway, and Rev. J. M. Roddy, pastor of the Midway Baptist Church, were married yesterday afternoon at two o'clock.

HARRY GIOVANSOLI, a brilliant newspaper man who has been connected with the Danville Advocate for a number of years, has been taken into partnership by proprietor Woolfolk—a merited recognition of his faithful and excellent work.

MR. J. S. HORD, who lives in the edge of Lewis County, informs us that he will soon have a second crop of cherries. The tree was full of bloom some time ago, and if it continues warm, he says he will have ripe cherries by the 15th of next month.

THE Bourbon Fiscal Court has reduced the salary of the keeper of the poor house of that county from \$700 to \$500, and has reduced the sum allowed the Jailer for superintending the care of the court house from \$200 to \$75. The appropriation of \$500 to supplement the salary of the Commonwealth's Attorney was discontinued.

A REVISED count of the registration at Louisville has been completed and the Democratic plurality is 7,683, 1,000 greater than was first reported. The Democratic majority is 3,155. The total number to register was 47,021, and of this number 37,491 are white voters, while the colored vote is 9,530. The total Democratic registration is 25,088, Republican 17,405, and independent 4,528.

MR. AND MRS. A. F. WILLENBRINK, of Aberdeen, entertained very pleasantly at progressive euchre Friday evening in honor of Mrs. Josephine Moorman. Among those present were; Mrs. Josephine Moorman, Misses Crescence A. Koch, Tillie Small, Julia Cotton, Agnes and Nellie Hanley, Anna Marie Breen, Sudie Shephard and Messrs. Frederic A. Koch, Andrew Clooney, Thomas Slattery, Jas. and Denny Desmond, Gus Sorries, E. H. Binzel, M. Brown and others.

CAPTAIN JAMES K. LLOYD is formally announced elsewhere in this issue as a candidate for City Clerk. A fine scribe, scrupulously neat in the care of his books, courteous in his bearing towards everybody, he is peculiarly fitted for the position. A member of one of Maysville's oldest families, himself a resident of the city for over fifty years, he kindly asks your support in the present contest, with the assurance on his part that the duties of the office will be faithfully attended to should he be honored with the position.

## Women Are Delighted

With the Dress Goods Novelties we are showing for fall and winter. All told there must be something over one hundred different effects in the new black and colored textures. Variety enough to please almost any fancy, isn't it? An attractive novelty is called Haute Nouveaute. It's forty-two inches wide and comes in all the fall shades in raised figure designs. Only 50c. a yard.

Plaids have a high place in fashion's realm. They are mostly in groups of four colors softly blended and harmoniously associated. We have a charming assortment of them. Wool, silk, silk and wool, 25c. to \$1.50.

Paris advices state that blues of all shades from Nansen to lavender are in strong demand for fall costumes. We have a large stock of dress goods in blue colorings, 25c. to \$1.

APRONS.—Nobody ever dreamed of buying such aprons at 15c.; the manufacturer never expected to see the day when he'd sell them at such a price. But the unexpected happens. White Lawn Aprons with broad hem and 2½ inch block insertion above. Good size, too. No one ever heard of an equal apron bargain. We have sold fifty less desirable aprons in a day. Don't miss these.

SATURDAY SPECIALS.—Good Corset Laces, round, 1c. a pair; beveled edge hand mirror, polished wood back, 10c.; Needle Books, 24c., containing one carpet, one button, one zephyr and three darning needles, one bodkin and one paper good sewing needles.

## D. HUNT &amp; SON.

COL. DAUM.

Bracken County People Have The Laugh on the Learned (?) Republican Nominee For Commonwealth's Attorney.

Col. E. Daum, of Bracken, is the Republican nominee for Commonwealth's Attorney. If he visits the farmers in his campaigning it is very probable he will not be led into a discussion of harvesters and threshing machines. He doesn't want to hear the subject mentioned, and this is the reason why:

A few years ago John Teel and one Mr. Myers bought of the Huber Manufacturing Company a threshing machine, paying part cash and executing notes for the remainder; the machine was run one season, but before another crop could be harvested, Teel was killed. Mrs. Teel qualified as administratrix. The notes not having been paid promptly the Huber Company, through Col. Harry Willie, brought suit. The widow employed Mr. Daum. In his answer he pleaded:

That the machine was defective in the fly-wheel, which was made of cast iron, when it should have been steel. That in running this machine over rocky and hilly land, that this wheel was liable to break and cause great damage. Because of this they were damaged in the sum of \$900. That often in running and cutting in tall grain the separator often got wrapped around the cylinder, causing great confusion and often loss; and that by the so wrapping of the separator around the cylinder they were further damaged in the sum of \$250 additional.

Mr. Willis in his reply says:

The plaintiff admits that said engine and separator would not, nor ever will, cut in heavy, or thick, or tall, or in heavy and thick and tall grain, because, as they solemnly aver, it was not built that way; being constructed, sold and warranted solely for the purpose of threshing the grain, either heavy or light, thick or thin, tall or short, after it had been cut.

The Augusta Chronicle publishes a copy of the above pleadings in full. The lawyers at Brocksville are having a good laugh at Mr. Daum's expense. He has probably learned the difference between a separator and harvester ere this.

## LOCAL OPTION UPHELD,

Despite the Adoption of New Constitution. Opinion of Appellate Court.

FRANKFORT, Ky., Oct. 15.—The Court of Appeals in an opinion by Chief Justice Lewis in the case of Stamper vs. Commonwealth, upholds the Kentucky local option laws enacted prior to the adoption of the Constitution.

The decision is the most important rendered in this State recently, as a late decision of Judge Hazelrigg had been held to construe the Constitution as repealing all local laws, and consequently to open up all communities to the sale of liquor, where prohibition was the result of a local law.

The court further explains the Hazelrigg opinion and holds local option laws passed prior to the adoption of the Constitution valid, and violations of it punishable by fine.

### THAT SCANDAL

In the State Feeble-Minded Institute—Republicans Having a Time of it Running Things.

FRANKFORT, Ky., Oct. 14.—Right on top of the refusal of the Republicans to have the penitentiary books and chair factory examined by experts comes the renewed investigation of the scandals and mismanagement of the State Feeble Minded Institute.

The Commissioners of this institute, a majority of whom are Republicans, met yesterday and were about to adopt a resolution requesting Superintendent Huff to resign, but State Inspector Lester requested them to hold up the resolution till he could complete his investigation of the institution.

Dr. Huff's deposition was taken to-day by the Inspector, and he admitted that his son's relations with one of the female attendants at the institute had not been proper, and that she had been sent to her home in Lewis County. He also admitted that his attention was called to this matter by the Commissioners before he sent the woman home. The result of the Inspector's investigation will be given to the Governor in a few days.

### A BIG FORTUNE.

Mrs. Dr. Browning, of This City, One of the heirs to an Estate of \$3,000,000 or \$4,000,000.

Mrs. A. G. Browning, of East Third street, has received authentic information that, being a lineal descendant of John Walden, deceased, of Walden Towers, Caroline County, Virginia, she, with others, is rightful heir to an estate amounting to \$3,000,000 or \$4,000,000.

The estate consists of money in trust and large holdings in land, in Virginia, West Virginia and Kentucky.

Mrs. Browning, through able legal counsel in Baltimore, has joined in necessary proceedings to secure her portion of the Walden estate.

Mrs. ARCH. SCUDDER and daughter, Miss Mary, are among those injured by the falling of the dome of Robinson's Opera House at Cincinnati last night. Mrs. Scudder escaped with a slight scalp wound, while her daughter received a compound fracture of the jaw. Mrs. Mary Fairhead, wife of Engineer Fairhead of the O. and O., was also injured. Particulars of the accident are given in our dispatches.

THE L. and N. pay train was here last evening on its monthly trip.

PREACHING at the old Stone Church at 3 p. m. on Sunday by the pastor, Rev. Geo. E. Rapp.

ROPER will sell you oysters any way you want them. He gets them direct from Baltimore.

ALBURN is the name of a new postoffice established in Lewis County, with Thos. H. Bell in charge of it.

PERSONS knowing themselves indebted to the late Mrs. F. B. Collins will please call at her place of business and settle.

THE Christian Church at Nicholasville of which Rev. Robert G. Frank is pastor, contributed \$349.05 to missions last year.

SELECT oysters, 30c. quart; one pound crackers free. Saturday only. Wood's new grocery, Crawford & Cady's old stand.

THE marriage of Mr. Clarence Lydick, of Cynthiana, and Miss Elizabeth Gooding, of Mayslick, will be celebrated at an early date.

DR. EYER WALTER, formerly of Aberdeen, was fined \$50 and costs at West Union, a few days ago for selling liquor contrary to law.

A GUN club has been organized at Mayslick. A trap and clay pigeons have been ordered and the club will give a shoot next Saturday.

SPECIAL for Saturday: Arbuckle's coffee 10c. per pound, not more than two pounds to each customer; cash. Wood's new grocery, Crawford & Cady's old stand.

MRS. GEORGE SCHWARTZ, of this city, was elected Grand Treasurer of the Rebekah State Assembly which met at Owensboro this week. Their next meeting will be on the 21st of September, 1898, at Louisville.

ON account of the Louisville Driving and Fair Association the C. and O. will sell tickets from Maysville to Louisville at one fare, \$4.50, for round trip. Tickets on sale October 17th and 18th. Return limit October 29th.

THE Newport rapists were arraigned before Judge Helm Friday. George Greer at first pleaded guilty, but afterwards withdrew the plea and pleaded not guilty. The rest pleaded not guilty. The trial was set for November 10th.

ABOUT 11:30 o'clock last night a big hole was smashed in one of the large plate glass windows of Hays & Co.'s new store in the Ficklin Building. Whether it was done accidentally or intentionally, is not yet known. It is the opinion of some that the rock was thrown by parties who got into a quarrel at the corner of the alley adjoining. The guilty one should be hunted down, and if the rock was thrown intentionally, he should be given the limit of the law.

### A VERY SLICK ARTICLE.

Steals a Phœton and Then Returns It and is Paid a Reward.

[The Raven, Millersburg.]

Quite a smooth article appeared in the person who stole the phœton and harness from Mr. Frank Ingels. Having heard that the officers were making his trail pretty hot, with the most unheard-of amount of nerve he drove to Mr. Ingels' house in Mr. Ingels' phœton and stated that he had heard that a phœton had been stolen and wanted to know if this was the one. Being assured that this was the one, he said he had bought it in Carlisle, but would willingly part with it without any loss to himself. Mr. Ingels, naturally thinking the man was honest, gave him \$2 in money and loaned him a saddle and bridle. He then kindly gave him his dinner and sent him on his way rejoicing. The man hadn't been captured at last accounts.

## Hechinger & Co.'s

Fall styles are shown in scores of handsome new cuts. Weavers' wits were never more versatile in producing attractive loom effects. Skill in wholesale tailoring has made marvelous progress in recent years. No better evidence is needed than a critical inspection of ready-to-wear Clothing made for them. There is a nicety of detail, a carefulness of finish, a symmetry of cut that denotes master minds and master hands. This not only has reference to their Clothing but also to their other different departments. No where will you see so handsome a display of Gentlemen's Furnishing Goods, fine Shirts, Hats, Collars and Ties as Hechinger & Co. show.

Have you looked at their stock of

## SMITH & STOUGHTON SHOES

Recognizing the needs of their patrons, Hechinger & Co. arranged with Messrs. Smith & Stoughton, one of the most prominent manufacturers of fine Men's Shoes in the country, to sell their goods. See their window display of them and you will not wonder that although but thirty days elapsed since the first shipment arrived they are already doing the Men's Fine Shoe business of the town.

—Mrs. Emily Collis, of Orangeburg, left this morning for Midway to visit her granddaughter, Miss Curtis, who is attending school there.

—Winchester Sun: "Mr. and Mrs. Jas. S. Pogue, of Mason County, drove through from their home last week and have been visiting the family of Mrs. Pogue's sister, Mrs. F. Cecil Johns. In passing through five counties they found all toll-gates removed until they reached Clark, where the raider bath not yet raided."

It has been held that consumption is hereditary, and the fact that one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue. A man with weak lungs is likely to transmit that weakness to his children. But there is no reason in the world why the weakness should be allowed to develop. Keep the lungs full of rich, red, wholesome blood, and the weakness will disappear. Decaying tissues will be thrown off, and new material will be added until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 98 per cent. of all cases of consumption where it is taken according to directions. It searches out disease germs wherever they may be in the body and forces them out of the system. It supplies the blood with rich, life-giving properties. It makes the appetite good, digestion perfect. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

**The Coming Women**

who goes to the club while her husband tends the baby, as well as the good old-fashioned woman who looks after her home, will both at times get run down in health. They will be troubled with loss of appetite, headaches, sleeplessness, fainting or dizzy spells. The most wonderful remedy for these women is Electric Bitters. Thousands of sufferers from lame back and weak kidneys rise up and call it blessed. It is the medicine for women. Female complaints and nervous troubles of all kinds are soon relieved by the use of Electric Bitters. Delicate women should keep this remedy on hand to build up the system. Only 50c. per bottle. For sale by J. J. Wood's.

**PITHY POLITICAL POINTS.**

He's a queer kind of Democrat who renders allegiance to Republican masters.

Democrats furnished the Republicans the handle with which they are now working.

Mark Hanna favors the working man in about the same degree that a cat favors hot soap.

Those Democrats have abandoned the traditions of their party who are now found bowing down to the golden calf.

There isn't enough heart in such a creature as the "great labor crusher," Mark Hanna, to furnish breakfast for a hummingbird.

Any Mason County Democrat who votes for all or any part of the Republican ticket virtually endorses Mark Hanna and Republican corruption.

There is nothing in the principles or declarations of the Democratic party since its formation to justify and Democrat in advocating the gold policy.

Let Democrats vote for Democrats and help to make good times which the Republican have so signally failed in bringing about with all their boastful promises.

It isn't for the success of any individual candidate that Democrats are urged and expected to vote an unscratched ticket, but for the success of the time-honored principles of a great party.

**Free of Charge to Sufferers.**

Cut this out and take it to your druggist and get a sample bottle free of Dr. King's New Discovery, for consumption, coughs and colds. They do not ask you to buy before trying. This will show you the great merits of this truly wonderful remedy, and show you what can be accomplished by the regular size bottle. This is no experiment, and would be disastrous to the proprietors, did they not know it would invariably cure. It is guaranteed. Trial bottle free at J. J. Wood's drug store. Regular size, 50 cents and \$1.00.

**First Baptist Church.**—Sunday school at 9:15 a. m.; Preaching 10:30 a. m. and 7 p. m.; young people's meeting 6:15 p. m. You are cordially invited to worship with us. I. P. Trotter.

**Y. M. C. A.**

In making your plans for Sunday afternoon, young men, don't fail to set aside one hour, from three to four o'clock, for the men's rally in the association parlor. The second "loyalty" talk—on "Loyalty to the Home"—will be given by Rev. J. S. Sims. This is a theme that should interest every young man in Maysville, and there ought to be a large number present to hear the practical helpful address which the above named speaker will give. Mr. W. W. Ball will conduct the meeting. All men cordially invited.

The reports of progress made at the meeting of the Ladies' Soliciting Committee yesterday afternoon were very encouraging, as the following results of the partial canvass in four wards of the city will show: Collections thus far in first ward, \$6.95; third, \$10.05; fifth and sixth, \$17.20. Total, \$34.20. The contributions range from ten cents to one dollar, thus evidencing the general interest of the ladies of the city. Several are yet to be seen or heard from in each of the above mentioned wards, and the canvass in the Second and Fourth wards will also be completed and a report given next week. The ladies hope to secure a fund of at least \$75, and if possible \$100, which they will carefully use for the advancement of the local association cause. Gifts from ladies who have not been solicited and who desire to contribute, will be cheerfully received by the Treasurer of the Committee, Miss Amy Phieter.

**Another Hicks Prediction.**

Before the twentieth century is thoroughly installed, the money gods, who are doing just what all thinking people knew they would do—running the price of silver down to bedrock—will flush their game and make the biggest corner on the "white metal" the world has ever seen. Put this prediction in your hat. You who have silver and can keep it, guard your treasure from the wily oppressors of men and governments. Their schemes are as shrewd as Mephistopheles and their covetous maws are as wide and hungry as hell.—Word and Works.

If your eyes ever become tired, smart and burn or feel heavy, 25c. will give you more comfort than you can imagine, if invested in a tube of Sutherland's Eagle Eye Salve. Perhaps you never did nor never will have sore eyes—this is no sign your eyes do not need strengthening and your sight cleared. For sale at Chenoweth's.

**EAST MAYSVILLE**—Mitchell Chapel, Geo. E. Rapp, pastor. Sunday school at 9:30 a. m., instead of 2:30 p. m., W. L. Stickley, Supt. Preaching Sunday at 11 a. m. and at 7 p. m. by the pastor. Epworth League Tuesday at 7 p. m., John Deatlee, President. Prayer meeting Thursday evening at 7 led by the pastor. All are cordially invited to be present at each of the services.

**TORTURED TO DEATH.**

Awful Work of Masked Robbers in Northern Indiana.

KENDALLVILLE, Ind., Oct. 16.—One of the most brutal murders that was ever committed in northern Indiana occurred yesterday morning near Brimfield, a small town near this city. Adam Huffman, one of the largest land owners in northern Indiana, and a hired man may not recover.

About 2 o'clock in the morning two masked men entered Huffman's house ostensibly to rob him, as he was thought to have money in hiding at his house. The hired man, who was sleeping in an upper room of the house, was first gagged. The robbers then went to Huffman's room, covered him with four guns and ordered him to give up his money.

When Huffman refused the men placed one end of a rope around his neck and the other end to the bed. They began a terrible two hours' torture by pulling him until he would strangle. This continued until the robbers saw that Huffman would not give up and they then choked him to death and escaped.

**Horses Killed and Riders Injured.**

TOMPKINSVILLE, Ky., Oct. 16.—A fearful accident happened on the reunion grounds, at Green Grove, Cumberland county, yesterday. Sam Smith of Kettle Creek and a son of Will Henry Ross of near Albany, Ky., were running their horses toward each other, when they ran their horses together and killed both horses instantly. Smith's right leg was broken above and once below the knee; his eyes were badly injured and his right arm crushed. Ross was also badly injured, and there is but little hope of their recovery.

**Bucklen's Arnica Salve.**

**THREE VALUABLE BOOKS GIVEN AWAY.**

"Art and Fancy Work," "Nursery Rhymes," "Home Dyeing."

Mrs. Nella Daggett, editor of the The Home, has published a new edition of her popular book, "Fancy Work and Art Decorations," that gives practical instructions for making dollies, table covers, scarfs, tray cloths, pin cushions, etc., etc., with fifty illustrations. This book together with "Nursery Rhymes" (a 16-page pamphlet with a handsome colored cover design of the Old Woman Who Lived in a Shoe), and "Successful Home Dyeing," will be sent free to any reader of THE MAYSVILLE BULLETIN who forward the following coupon to Wells, Richardson & Co., Burlington, Vt.

**COUPON.**

This entitles any reader of the BULLETIN to one copy of "Fancy Work and Art Decorations," "Nursery Rhymes" and "Successful Home Dyeing."

The above liberal offer is made to advertise the old reliable Diamond Dyes, and to get their book upon home dyeing into the hands of women who want to dress well by making their old clothing look like new.

Diamond Dyes have special dyes for cotton, different from those that are used for wool, and are the only packages on the market that can be relied upon to give colors that will not fade or crock. The fact that Diamond Dyes have been the standard home dyes for nearly twenty years and that their sale increases from year to year, is proof positive that they've never had any equal.

**"Absence Makes the Heart Grow Fonder."**

The speaking face, looking forth from cardboard, is the wonder of this wonderful age, and every girl has her leader near her in pictured form at least. It's but a small tribute to love to have the faces of those we love maddeningly through absence and death by the photograph-er's art. This is our mission—to exalt beauty. Look at this: Life-size portrait and handsome frame \$3.50. Dozen splendid cabinet photos \$1.
